#### DETAILED ACTION

1. This Office Action is responsive to the Amendment filed 26 October 2009. Claims 20, 22-29, 32-40, 63 and 69 are now pending. The Examiner acknowledges the amendments to claims 20, 37, 40, 63 and 69, as well as the cancellation of claim 21. Claims 20, 22-29, 32-40, 63 and 69 are allowable. The restriction requirement, as set forth in the Office action mailed on 9 January 2007, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claims 24-29, 35 and 36, directed to a non-elected species, are no longer withdrawn from consideration because the claims require all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

***Allowable Subject Matter***

2. Claims 20, 22-29, 32-40, 63 and 69 are allowable over the prior art of record. The following is an examiner's statement of reasons for allowance: regarding claims 20, 22-29, 32-40, 63 and 69, the prior art of record does not teach or fairly suggest a system for enhancing heart surgery as claimed by Applicant, wherein the device further comprises a first flexible arm for coupling the first coupling device with at least one stable object, wherein the first flexible arm comprises a distal clamp configured to clamp the first coupling device, and a proximal clamp configured to clamp the at least one stable object.

***Conclusion***

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
